

SELF - GEL RAZOR

About Us

DRMED Medikal Teknolojileri A.Ş. was founded by Negin Beykzadeh and Bayram Yavuz, establishing itself as Turkey's second fully domestic razor blade manufacturer. The company introduces an innovative solution with its Trip-branded product—the world's first self-lubricating razor blade. Trip stands out with its diamond-sharp blades and ergonomic design, making a difference in the industry with its eco-friendly and water-saving features. Under the leadership of Beykzadeh and Yavuz, the company is committed to securing a strong position in the global razor blade market.

Our Mission

At DIRMED Medikal Teknolojileri A.Ş., our mission is to drive innovation in the shaving industry by providing practical and cutting-edge solutions that redefine shaving experiences. We strive to build a reputation as a principled and trustworthy brand, setting new industry standards with high-quality and environmentally responsible products.

Our Vision

Our vision is to exceed customer expectations by integrating technology with global market trends, ensuring continuous development and pioneering advancements in the industry while promoting sustainability and environmental responsibility.

Leadership and Strategic Management

Our team is composed of experts dedicated to sales, marketing, and business development, working collaboratively to expand our presence in both domestic and international markets.

Trip Shave Club

Trip Shave Club is a revolutionary shaving brand that introduces a 100% locally manufactured razor in Turkey. Designed for an unparalleled shaving experience, this product features an ergonomic structure and patented self-gel technology, ensuring a closer, more effective, and comfortable shave. With environmentally friendly and fully recyclable materials, Trip also supports sustainability while enhancing user convenience

Key Features of Trip Shaving Razor

-Swedish Steel Blades: Experience precision shaving with diamond-like sharpness. -Self-Gel Technology: Integrated gel system for a smooth glide, eliminating the need for separate shaving gels. -Eco-Friendly Gel Formula: Free from aerosol gases, ensuring skin-friendly and environmentally conscious usage. -Ergonomic Design: Non-slip grip for superior handling and comfort. -Durability: Long-lasting blades manufactured with advanced metal processing technology. -Easy Cleaning & Water-Saving: Designed for effortless maintenance while reducing water consumption by 80%. -Sustainable & Recyclable: Made from 100% recyclable materials, causing no harm to nature. -Aerosol-Free & Eco-Friendly: The product does not produce aerosol gases, making it an environmentally friendly and economical choice for consumers

The New Era of Shaving with Trip

With its groundbreaking features, Trip Shave Club redefines the shaving experience by combining cutting-edge technology with maximum convenience. The patented self-gel structure and Swedish steel blades simplify the shaving routine while delivering exceptional smoothness. More than just a razor, Trip represents a new era of efficiency, sustainability, and innovation in grooming.

DRMED Medical Technologies Inc., through its Trip brand, is committed to leading the shaving industry by prioritizing quality, innovation, environmental sustainability, and customer satisfaction.

OUR CARDBOARD STAND VARIETIES

Shaving Gel with Aloe Vera & Vitamin E

Aloe vera protects the skin against irritation from the razor blade.
 It also acts as a natural moisturizer, keeping the skin soft during and after shaving.
 Vitamin E, with its antioxidant properties, helps protect the skin against free radicals and cuts.
 It minimizes irritation and redness.
 Thanks to its gel formula, it creates a smooth layer on the skin's surface, helping the razor glide easily and reducing the risk of cuts.
 Vitamin E also supports the skin barrier that becomes sensitive during shaving, helping to maintain overall skin health

Flexible Head

Thanks to the flexible head of Trip Shave Club, your skin stays protected.
 Ultra performance even on the most sensitive and curved areas

CROSS COMPATIBILITY

All of our Club Series blades work with all of our Club Series handles.
